

Studio Safety & Procedures

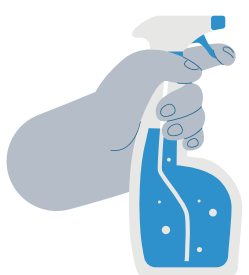

Cleaning & Sanitation

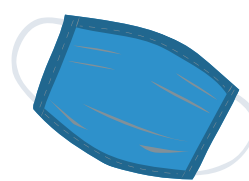

Stop hand shakes and use **non-contact greeting methods**

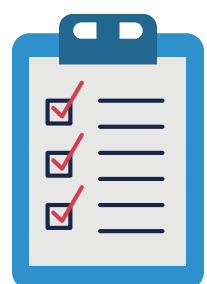

Associates **regularly wash and sanitize hands**

Disinfect studios after each session in the camera room, sales & viewing area

Photographers will be given masks and are **required to wear masks.**

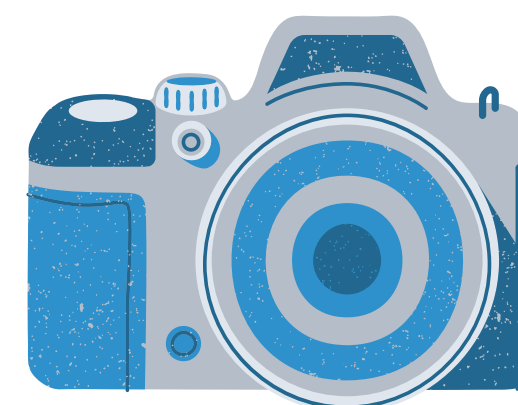

Log will be kept on sanitization procedures.

Physical Distancing

Limiting the number of staff and clients in the studio at any time

Appointment only sessions including passport, in studio, and on location

Altered layout of studios so clients will be able to view photos distanced from associate

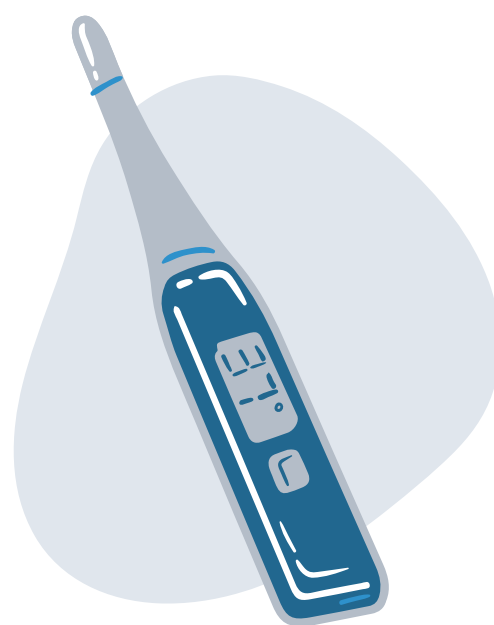

Health & Wellness

Any associate with symptoms or has been in contact with Covid-19 are instructed to stay home.

Clients are asked to reschedule if they are showing symptoms.

Clients are reminded of these measures at time of booking and confirming appointment

Following Federal & Provincial Guidelines

We will follow all Federal & Provincial guidelines for each individual studio.

Client and photographer safety is our top priority as we get **back in the picture** and provide clients with the photography services our clients rely on!
